Dear Officer for Public Information:

This request is made under the Texas Public Information Act, Chapter 552, Texas Government Code, which guarantees the public's access to information in the custody of governmental agencies.

I respectfully request a copy of all emails (including attachments), text messages, or other correspondence sent by Chancellor John Sharp, including emails sent from john@johnsharp.com. Consider the time period from May 1, 2017 to July 23, 2017.

Please also include any responsive documents that might be found in an email "trash" folder, computer recycle bin, or other similar location but have not yet been permanently deleted.

Please note all relevant records are being requested, regardless of storage location. Any server, account, or device used to conduct university business is subject to the public information act. Any account opened and/or used by an official for university business is inherently maintained by the university.

As the disclosure of this information is in the public interest, I request a waiver of all fees and charges pursuant to Section 552.267 of the act. If available, electronic versions of these documents are preferred. In the interest of transparency and efficiency, please release all records that "may" be withheld under Texas Government Code Chapter 552.

Please comply with the entirety of the Texas Public Information Act, including Section 552.002, which defines public information. *"The definition of "public information" provided by Subsection (a) applies to and includes any electronic communication created, transmitted, received, or maintained on any device if the communication is in connection with the transaction of official business."*
